WORK EXPERIENCE

Lead Product Designer

UBX Philippines - Pasig, Philippines

Jun 2019 - Present

🏅 Promoted as the Line Manager of the Product Design Team (Aug 2019)

Leads and grows the Product Design Team. Constantly improves the team's way of working by cultivating a culture of feedback. Also acts as the Product Owner of UBX's first-ever Design System.

UX/UI Designer

Salarium - Makati City, Philippines

May 2018 - Jun 2019

Worked cross-functionally to help manage and design the new version of a digital wallet app for web, iOS, and Android while supporting its old version. Also spear-headed product's rebrand effort, copy repository maintenance, and design library documentation.

Freelance UX/UI Designer

Piktochart - Penang, Malaysia

Sep 2017 - Feb 2018

Designed and self-managed multiple web-based products from scratch in a fast-paced environment through iterative design process with an international team of developers and designers.

Senior UI Designer

Voyager Innovations Inc. - Pasig City, Philippines

Jun 2013 - Jan 2017

🏅 Promoted from Associate UI Designer to Senior UI Designer (Feb 2016)

Worked directly with clients, product owners, project managers, and engineers in an agile-scrum environment.

Designed clean and consistent UI for multiple iOS, Android, and web applications from conceptualization up to production.
